2025 Annual Report**

THE Transformative PLACE

Dear Y Friends,

At the Woodson YMCA, our them, “No Place Like This Place,” reflects the strong sense of belonging that defines our organization. Every day, we see individuals and families come together in a welcoming environment where people of all ages and backgrounds can grow, connect, and thrive.

This year, we celebrate the continued success of The Landing 55+ Activity Center in our Y. With growing participation and our new expansion, we are creating more opportunities for older adults to stay active, socially connected, and engaged. For many, The Landing has become an essential part of their daily lives and a place where friendships and wellness flourish.

Our commitment to youth and families remains central to our mission. Through youth programs, sports, and family-focused activities, we are helping young people build confidence and develop lifelong healthy habits. In addition, the Woodson YMCA continues to lead the way in childcare for our community, providing safe, nurturing environments that support working families and prepare children for future success.

Aquatics programming also plays a vital role across our service areas. From swimming lessons and water safety education to recreational and therapeutic opportunities, we are helping individuals of all ages stay active while promoting safety and confidence in and around the water.

Supporting healthy lifestyles continues to be a priority. Through fitness and wellness programs, we help people improve their physical and emotional well-being. Most importantly, we remain committed to serving everyone. Thanks to generous community support, we never turn anyone away due to an inability to afford fees, ensuring access for people from all walks of life.

Thank you to our members, volunteers, donors, and partners who make this work possible. Together, we continue to build a stronger community – because there truly is No Place Like This Place.

With gratitude,

Bryan Bailey

AREAS OF FOCUS

YOUTH DEVELOPMENT

The YMCA is committed to nurturing the potential of every child and teen, by providing a safe and nurturing environment where young people can learn, grow, and develop essential skills, values, and confidence to succeed in life.

HEALTHY LIVING

The YMCA encourages and facilitates healthy living among individuals and families by promoting physical fitness, healthy habits, and overall well-being through various programs, facilities, and initiatives.

SOCIAL RESPONSIBILITY

The YMCA aims to foster social responsibility and active citizenship within communities by encouraging individuals to give back, volunteer, and support one another, as well as advocating for social justice and equality.

OUR VALUES

CARING

To put others before yourself, to love others, to be sensitive to the well-being of others, to help others.

HONESTY

To tell the truth, to act in such a way that you are worthy of trust, to have integrity, to make sure your choices match up with your values.

RESPECT

To treat others as you would have them treat you, to value the worth of every person including yourself, to be cordial even if you disagree with someone.

RESPONSIBILITY

To do what you should, to do what is right, to be accountable for your behavior and obligations.

THE Splish Splash PLACE

In Wausau, access to swim lessons is about more than learning a skill, it helps create a safer, healthier community. At the Woodson YMCA, lessons ensure children gain confidence and life-saving water safety skills to enjoy Wisconsin's lakes, rivers, and pools safely. In 2025, 2,346 children participated, making the YMCA a leading provider of water safety education in the region. Each lesson reduces drowning risk and gives families peace of mind.

Beyond safety, swim lessons build resilience, physical strength, and lasting confidence. For many families, the YMCA is where children overcome fears, reach milestones, and develop a lifelong love of swimming. By making lessons accessible to thousands each year, the Woodson YMCA continues to strengthen the community and help kids grow up safe, confident, and capable.

THE Fast Lane PLACE

The Woodson Y Northern Swimmers (WYNS) program gives swimmers of all ages the chance to dive in. As a YMCA and USA Swimming sanctioned, year-round competitive team, WYNS combines strong coaching with a supportive culture where athletes build technique, gain confidence, and grow, whether beginners or experienced competitors.

More than competition, WYNS teaches hard work, perseverance, and teamwork. Athletes support one another through challenges and successes while developing skills that last a lifetime. For many young swimmers in Wausau, WYNS becomes a second home where friendships form and confidence grows.

WYNS

Swim Team Highlights

Congratulations WYNS!

2025 USA State Meets

- WYNS finished 2nd in Division 2 Senior
- WYNS placed 8th Overall Statewide
- 3 WYNS State Champions

- 5 WYNS Athletes Qualified
- Evyn Cain took 6th in the 100 Fly
- 2025 YMCA Nationals – Greensboro, NC
- 12 WYNS Athletes Qualified

- Boys 200 Medley Relay placed 9th
- Boys 200 Free Relay placed 12th
- Scout McQueen 400 IM placed 8th
- Team took 23rd out of all YMCA's

WYNS Ranked 17th in the Country out of all YMCA's

Mike McQueen
Head Swim Team Coach

THE Safety First

The Woodson YMCA plays a critical role in keeping our community safe in and around the water as the largest provider of lifeguard training in Marathon County. Through our lifeguard certification programs, we train the next generation of aquatic safety professionals who serve not only at YMCA pools, but also at municipal pools, school facilities, and outdoor aquatic centers across the region. With 10 certified Lifeguard Instructors on staff, the YMCA offers frequent training opportunities throughout the year, ensuring that local pools have access to highly qualified lifeguards prepared to prevent emergencies and respond when needed.

YMCA lifeguards do more than watch the water, they help create a safe, welcoming environment where families can swim, learn, and make memories with confidence. From supporting swim lessons and water exercise programs to supervising lap swim, open swim, and community aquatic centers, their dedication helps strengthen water safety throughout the Wausau area. By developing skilled lifeguards and expanding access to certification, the Woodson YMCA continues to make a lasting impact on community safety.

"Offering CPR classes is one of the ways the YMCA helps care for our community beyond our walls. By providing accessible training, we give parents, coaches, staff, and community members the confidence and knowledge to step in during an emergency, when every second truly matters. Knowing CPR can mean the difference between waiting for help and being able to help. By teaching these lifesaving skills, the YMCA is helping build a community where more people are prepared, families feel safe, and neighbors are ready to look out for one another."

THE Warrior PLACE

The Woodson Warriors Karate Program is more than a place to train, it's a place to grow. Rooted in the YMCA's core values of caring, honesty, respect, and responsibility, this program helps individuals of all ages build confidence, discipline, and strength as they progress from white belt through black belt.

From Tiny Tigers (ages 5–6) learning coordination and focus, to youth and adults developing advanced martial arts skills, to participants in Low Impact Karate (55+) improving balance and mobility, the program welcomes everyone. Each class offers more than physical training, it creates a supportive environment where students encourage one another and celebrate progress together.

For athletes seeking an additional challenge, programs like Black Belt Club, private lessons, and Sport Karate training with world champion Trey provide opportunities to refine technique and push limits.

In 2025, the Woodson Warriors proudly represented the Woodson YMCA in the WSKL and NASKA tournament seasons, showcasing not only their martial arts skills, but also the dedication, teamwork, and sportsmanship that define the YMCA.

Moments like earning a first belt, stepping onto the tournament floor, or achieving a personal milestone remind us why the YMCA is such a special place.

THE First Flip PLACE

The Woodson YMCA Gymnastics program begins as early as age 1 with Mini Movers. As participants grow, Junior Gymnastics (ages 4–6) helps children develop coordination and a love of movement while families connect. From there, Developmental Gymnastics (ages 6+) and the Whirlers competitive team build advanced skills, discipline, and teamwork.

Gymnastics serves more than 400 youth annually and is supported by dedicated coaches, many of whom were once YMCA gymnasts. Events like the Starlight Gymnastics Meet highlight how powerful the gymnastics community can be. In 2025, 470 gymnasts competed in this meet with many traveling more than 90 miles and bringing visitors to the Wausau area, supporting local businesses while showcasing the strength of youth sports in our community.

Woodson YMCA Youth Sports gives children ages 4–10 the opportunity to learn, grow, and discover the joy of being active in a supportive environment. Through programs like Soccer, Flag Football, and Y Star Basketball, young athletes build more than athletic skills, they develop confidence, communication, teamwork, and good sportsmanship.

In 2025, 1,139 children participated in Woodson YMCA Youth Sports, reflecting the strong demand for positive, community-centered and value-based athletics for families in the Wausau area. Each clinic and league helps children build healthy habits, strong character, and lasting friendships, creating a place where kids feel encouraged, supported, and proud of their progress.

THE Teamwork PLACE

THE Little Chefs PLACE

Our Creative Cooking Classes inspire young chefs, welcoming children as young as age three to explore new foods, learn kitchen skills, and create recipes alongside a parent. Each class fosters curiosity, creativity, and healthy habits while bringing families together.

In 2025, the program expanded to Camp and No School Day options, making these hands-on experiences accessible to more children. Opportunities like this are rare and highlight how special it is for Wausau families to have programs where kids can learn, create, and grow together.

Years of Staff
Experience

In 2025, Woodson YMCA Childcare continued to serve as a trusted foundation for families across the Greater Wausau area, supporting children from 6 weeks to 6 years old during the most critical stages of early development. Across our centers in Wausau and Weston, children spent their days learning through play, building friendships, and growing in confidence within safe, nurturing environments.

Our educators bring a deep understanding of child development, creating experiences that support cognitive, physical, and social growth. From hands-on learning and creative play to swimming lessons, field trips, and daily routines that build independence, each moment helps children develop the skills and values that shape future success. In 2025, we continued our impact through partnerships with local school districts Wausau and DC Everest to offer 4K programming, supporting school readiness across our community.

For school-age youth, our programs provided reliable care before and after school (at the Aspirus Branch in Weston), as well as during days off and snow days. These programs kept children active, engaged, and connected—while giving families consistent, dependable support throughout the year.

Grounded in the YMCA's core values of caring, honesty, respect, and responsibility, our childcare programs continue to be a place where children are known, supported, and encouraged to be their best.

THE Summer Adventure PLACE

Field Trips
Taken

The summer of 2025 at Camp Sturtevant was defined by sunshine, movement, and the simple joy of being outdoors. Along the Eau Claire River, campers spent their days unplugged; trading screens for sand, water, trails, and time with friends.

Throughout the summer, laughter echoed across camp as kids built sandcastles, searched for hidden

gnomes, learned new skills, and cooled off in the water on warm afternoons. Camp traditions came to life each week through songs, skits, and shared experiences that brought campers together and created a strong sense of belonging.

As the weeks went on, campers grew more confident trying new activities and stepping outside their comfort zones. Older youth took on greater challenges through day trips, overnight experiences, and leadership-focused opportunities, building independence while strengthening friendships that often extended beyond the summer.

Behind each of these experiences were dedicated counselors who guided, encouraged, and modeled what it means to be part of a supportive community. Their impact could be seen in the way campers encouraged one another, worked as teams, and embraced every part of the camp experience.

For many families in the Greater Wausau area, Camp Sturtevant in 2025 was more than a place to spend the summer, it was a season of growth, connection, and lasting memories.

THE Wellness & Healthy Living PLACE

In 2025, the Woodson YMCA continued to support the health and well-being of the Greater Wausau community by combining high-quality resources with personalized support.

Members worked toward their goals using state-of-the-art equipment, updated on a rotating three-year cycle, and InBody wellness scans that provided valuable insights to guide individualized fitness plans. Many began their journey with a free Personal Training preview, building a foundation through goal setting, movement assessments, and expert guidance.

With the support of certified YMCA Personal Trainers, members received personalized plans, accountability, and encouragement to achieve lasting results. Others found motivation in Small Group Training, where 45-minute sessions blended strength, cardio, and circuit training in a supportive, high-energy environment. Built-in InBody scans helped participants track progress and stay engaged.

From structured training to group exercise classes and pickleball, the Y offered a wide range of ways for individuals to stay active, connected, and committed to their well-being.

The Woodson YMCA is more than a place to work out, it's a place where our community grows stronger together!

Susan S. is a highly experienced fitness coach with over two decades of expertise, holding certifications in strength and conditioning, athletic performance, boxing, kickboxing, yoga, and dance, complemented by a Master's degree in Health and Exercise Psychology.

In 2025, Susan helped establish and teach the Woodson YMCA's *Empower Yourself into Menopause* workshop.

Thomas L. is committed to helping members build and sustain healthy lifestyles that improve quality of life and support long-term wellness.

"Helping people become the best possible version of themselves that they can be, physically, emotionally, spiritually or mentally – I take pride in waking up every single day and knowing that I play a part."

"Our Personal Training program continues to grow each year, serving more members and expanding its impact within our community. In addition to one-on-one training, our highly successful small group program continues to see strong participation.

This year brought both change and growth to our team. We said goodbye to Laura as she moved on to a new chapter and are excited to welcome two new trainers, Shelby and Hannah. Alongside Matt, Thomas, Susan, and myself, our team remains committed to strengthening the program.

Together, we are focused on enhancing the member experience, finding new ways to add value, and delivering meaningful results. We look forward to another year of growth, connection, and helping our members achieve their health and fitness goals."

2025 marked a transformative year for The Landing, highlighted by significant expansion and enhanced programming for adults ages 55 and older. The completion of a 12,000-square-foot expansion expanded capacity and elevated the member experience through increased program space, larger social gathering areas, an expanded kitchen, and a newly designed entrance. These improvements created a more welcoming, accessible, and dynamic environment for both programs and connection.

BrainSavers continued to deliver meaningful impact, providing a cognitive wellness program that supports older adults in maintaining and strengthening brain health. In addition, a new partnership with Senior Planet from OATS (Older Adults Technology Services) expanded access to technology education and digital literacy. Together, these initiatives enhanced opportunities for members to remain active, engaged, and connected. Through strategic investment in space, staff, and programming, The Landing continues to grow as a vital community resource, supporting healthy aging and meaningful connection.

FINANCIAL REPORT 2025

10 YEAR MEMBERSHIP TREND

MISSION MOMENT

"I'm fortunate to work with individuals and families on a limited budget who didn't think they could afford swim lessons, gymnastics, karate, or other programs we offer for their kids. With our support, and the generosity of those who give to the Y For All Campaign, these opportunities become possible. Parents feel incredibly grateful knowing they can help make their kid's dreams come true. Being part of this process is deeply rewarding and reminds me every day of the impact the YMCA has!"
